## MS DEGREE PROGRAMS IN MANAGEMENT SCIENCES

**2 YEARS**

### MANAGEMENT SCIENCES

## CORE OBJECTIVE

The core objective of an MS program in Management Science is to equip students with advanced knowledge and skills in various aspects of management and decision-making using quantitative and analytical methods. This program is designed to provide a strong foundation in areas such as operations research, data analysis, optimization, supply chain management, and more.

## COURSE CONTENTS

The specific course contents can vary from one institution to another. However, typical courses in an MS in Management Science program might include:

- ▶ Operations Research and Optimization
- ▶ Statistical Analysis and Data Mining
- ▶ Supply Chain Management
- ▶ Decision Analysis
- ▶ Financial Modeling and Analysis
- ▶ Business Analytics
- ▶ Marketing Analytics
- ▶ Project Management
- ▶ Risk Management
- ▶ Strategic Management

Recognized by:

**Higher Education Commission of Pakistan**

The **BRAINS** Institute Peshawar as a degree awarding institute recognized by HEC .

Chartered by:

Govt: of Khyber Pakhtunkhwa

## ADMISSION ELIGIBILITY

- A bachelor's degree from recognized universities with a minimum of 16 years of education and a specified GPA or CGPA.
- Supplementary documents such as transcripts, letters of recommendation, and a statement of purpose are typically required.
- Some programs may also mandate achieving a qualifying score on a relevant standardized test like the GRE, and an interview might also be part of the process.

## EXAMS AND CLASSES

Students in an MS program can expect to attend regular classes, engage in group projects, and participate in discussions and workshops. Exams and assessments will be a part of the program to evaluate your understanding of the coursework. The specifics of the exam and class structure can vary depending on the program and the courses being offered.

## AWARD OF DEGREE PROCESS

To be awarded an MS degree in Management Science, students need to complete all required coursework, maintain a certain GPA, and possibly complete a capstone project or thesis. The exact requirements can vary depending on the program.

## SEMESTERS AND CREDIT HOURS

MS program spans two years, divided into multiple semesters. Each semester consists of a set of courses worth a certain number of credit hours. A program might have around 30 to 36 credit hours in total.

## CAREER PATH

Graduates of an MS in Management Science program can pursue various career paths, such as:

- Data Analyst
- Operations Analyst
- Supply Chain Manager
- Business Consultant
- Financial Analyst
- Project Manager
- Marketing Analyst
- Risk Analyst
- Operations Research Analyst
